# ABOUT US

Founded in 2001, Gupta Export has evolved from a passionate atelier into a respected authority in handcrafted and artisanal furniture. Rooted in Jodhpur — India's eminent furniture region — our work combines age-old craftsmanship with refined, contemporary design language. Every piece we create is the result of thoughtful material selection and skilled hands. By overseeing the entire production process in-house — from initial sourcing to final finishing and packaging — we deliver pieces that meet our rigorous standards for durability, aesthetics, and precision. We are proud to be accredited as a Business Social & Ethical Compliance Verified Facility (AGCS), reflecting our commitment to ethical practices and global-quality manufacturing standards. Our creations grace premium retail environments, luxury hotels, boutique restaurants, private residences and bespoke interior projects. Yet what truly defines Gupta Export is not just our product — it's our dedication to building long-term relationships based on trust, transparency and a shared pursuit of excellence.

We don't simply make furniture — we craft experiences that elevate spaces and lives.

# OUR VISION

To become a globally trusted furniture brand known for timeless design, superior craftsmanship, and uncompromising quality.

We envision creating furniture that enhances modern living and commercial spaces while setting new benchmarks in custom manufacturing and export-quality standards.

## MISSION

To design and manufacture high-quality furniture that combines functionality, durability, and refined aesthetics.

We are committed to delivering custom-made solutions, maintaining strict quality control, and ensuring on-time execution for every project.

Through ethical sourcing, skilled craftsmanship, and a client-focused approach, we aim to build long-term partnerships across domestic and international markets.

# Hospitality Furniture Solutions

We design and manufacture durable, stylish furniture for cafés, bars, restaurants, and hotels.

Our seating solutions are crafted to withstand heavy use while maintaining comfort and refined aesthetics.

## Commercial & Event Seating

From offices to large-scale event and co-working spaces, we deliver custom seating that balances functionality, strength, and visual appeal—tailored to each project's layout and requirements.

# OUR Services

**At Gupta export we provide end-to-end furniture manufacturing and project-based solutions tailored to commercial, hospitality, and residential requirements. Our services include custom furniture manufacturing in wood and metal, hospitality furniture solutions for cafés, bars, restaurants, hotels, and resorts, as well as commercial and office furniture for modern workspaces.**

**With an integrated production facility, we manage the complete process—from design development and material selection to manufacturing, finishing, quality control, and delivery. We follow strict quality standards, offer custom finishes and upholstery options, and execute projects with a strong focus on durability, functionality, and timely delivery for both domestic and international clients.**

# OUR QUALITY

## **We source the best wood for your home**

At Gupta Export quality is the foundation of everything we create. From material selection to final finishing, every stage of our manufacturing process is carefully monitored to ensure durability, precision, and consistency. All timber used in our production is ethically sourced, properly seasoned, and chemically treated to enhance strength and longevity, making our furniture suitable for heavy commercial and hospitality use. Our skilled artisans combine traditional craftsmanship with modern machinery to achieve superior construction, refined finishes, and reliable performance. We follow strict quality control checks at every stage of production and welcome third-party inspections to ensure our products meet both domestic and international export standards. This commitment to quality allows us to deliver furniture that is not only visually refined but also built to perform over time in demanding environments.

Quality is at the core of Gupta export. From ethically sourced and seasoned materials to precision manufacturing and strict quality control, every product is built for durability, performance, and long-term reliability across commercial, hospitality, and residential applications.

## Our Sustainability

At Gupta Export , we follow responsible manufacturing practices by using ethically sourced materials, minimizing waste, and focusing on long-lasting, durable furniture. Our production processes are designed to optimize material usage while maintaining quality, ensuring that our work supports both environmental responsibility and sustainable growth.
